Dr. A.P.J. Abdul Kalam during the release of book said that “ Muni Mahindra Kumar is interpreter media between me and Acharya Mahapragya ji. He further said that book starts with a set of questions

1. What is the Universe?
2. How big is the universe?
3. What is the shape of universe?
- 4 What is the age of Universe?.

These question are there from time immemorial and so many theories till date have been formed by scientist and philosophers to solve this. This book is a step forward to solve this theory from the point of view of science and philosophy. Further Dr. Kalam argued that Muni Shree & Steven *Weinberg*, American physicist and Nobel laureate in Physics must work together blending of science & philosophy. He also insisted the meeting of these two.”

Prof. Muni Mahendra Kumar said that a happy blending of science and spirituality could pave the way of bringing about the ultimate internal transformation of the human personality. So to man free from destructive emotions which were responsible for violence, anger, royalty, deceit etc. He discussed the project to be started shortly to undertake scientific research in the field of evaluation of effects of spiritual practices on human brain and behavior.

Almost of all the participants agreed to the urgent need of comparative studies and research in the field of spirituality and science.
